Total Control Rigid Handcuffs

TCH Rigid Handcuff

- 840** Satin Nickel Finish
- 840B** Black Finish

Total control rigid handcuffs have a moulded grip that fits snugly in the hand and provides greater control with speed of application.

Folding Rigid Handcuffs*

NOT AVAILABLE IN THE UK OR USA*

TCH Premier Folding Rigid Handcuff

- 850** Satin Nickel Finish
- 850B** Black Finish

The Premier Folding Rigid Handcuff in The World

A rigid handcuff when drawn, but folds after use. Easy pouch storage. Standard handcuff key opens all three locks. Specially designed plastic grip for hand comfort.

Handcuff Training Aids

Training Keys

- SK1** for Standard Handcuffs
- SK2** for Handcuffs with Moulded Grips

Neoprene Cuff Guard

NCG for reinforced padding over key pressure points on wrist - fully washable

All TCH Handcuffs possess the following features:

- 3 independently moving ratchet bars, with 6 teeth on each bar. The total of 18 teeth provides extra locking positions:
 - Standard models – 23
 - All other models – 25 and with 17% larger internal circumference
- Rotating arm backloads for speedcuffing
- Precision engineering ensures rotating arm swings through the handcuff, engaging the ratchet bars every time
- Double locking mechanism
- Lightweight models 40% lighter than Standard
- Two standard keys are provided with each Handcuff
- Full Compliance with N.I.J Standard O307.01
